## WEEKLY MESSAGE FROM SILVIA

We experienced truly breathtaking performances this past Sunday at the Sierra Youth Orchestra Festival. **THANK YOU** to our musicians and families who participated—your preparation, commitment, and artistry were on full display. We are deeply grateful to the many NVYS families who came out to support, making the afternoon feel both celebratory and inspiring. Experiencing our students perform alongside other outstanding youth orchestras is a powerful reminder of the value of shared musical community.

We invite you to relive the magic by viewing photos from the festival, available [HERE](#) – videos will be coming in the next couple of weeks! These moments capture not only the performances, but also the joy, pride, and connection that make events like this so meaningful.

Speaking of videos, we continue to add new performance highlights to our [YouTube Channel](#). If you haven't already, please take a moment to **watch, like, and subscribe** so you can stay connected to upcoming releases and celebrate our musicians' accomplishments.

Lastly, we encourage you to share your student's involvement in Napa Valley Youth Symphony with friends and family while supporting access to music education through our BottleRock Raffle. Raffle ticket sales directly support student scholarships and help ensure that our programs remain accessible to young musicians across our community. You can begin sharing the online ticket sales link [HERE](#).

Thank you for being such an engaged and supportive part of the NVYS family—we look forward to more inspiring moments ahead. 🎵

## NOTES YEAR 2 - STRINGS

*Message from Beth, Teaching Artist*

**Great job on the new music!** Please continue to work on it this coming week.

The **NOTES Program** emphasizes reading music notes because strong music literacy builds a solid string foundation—so as students ascend to Sinfonia and beyond, they can learn faster, play with confidence, and thrive as independent musicians; parents will be invited to join us for a quick crash course in scales in February — stay tuned!
